President Mr. Thorne

To the Students:

Since coming to Holmes Junior College as a teacher and later serving on the administrative staff, I have been a part of and have observed many changes. Holmes Junior College has grown and developed into the fine institution it now is only because of the vision, wisdom ad diligence of the Board of Trustees and its presidents, but also because of the stability and dedication of the faculty and staff.

Holmes Junior College should always strive to provide the very best education for its people — whatever their goals and abilities may be. The administration, faculty and staff exist totally for the purpose of facilitating this education.

As you go from Holmes Junior College to take your places in the world as leaders, I am sure you will meet the challenges with courage and dedication. I wish you the very best in your endeavors and will always be interested.

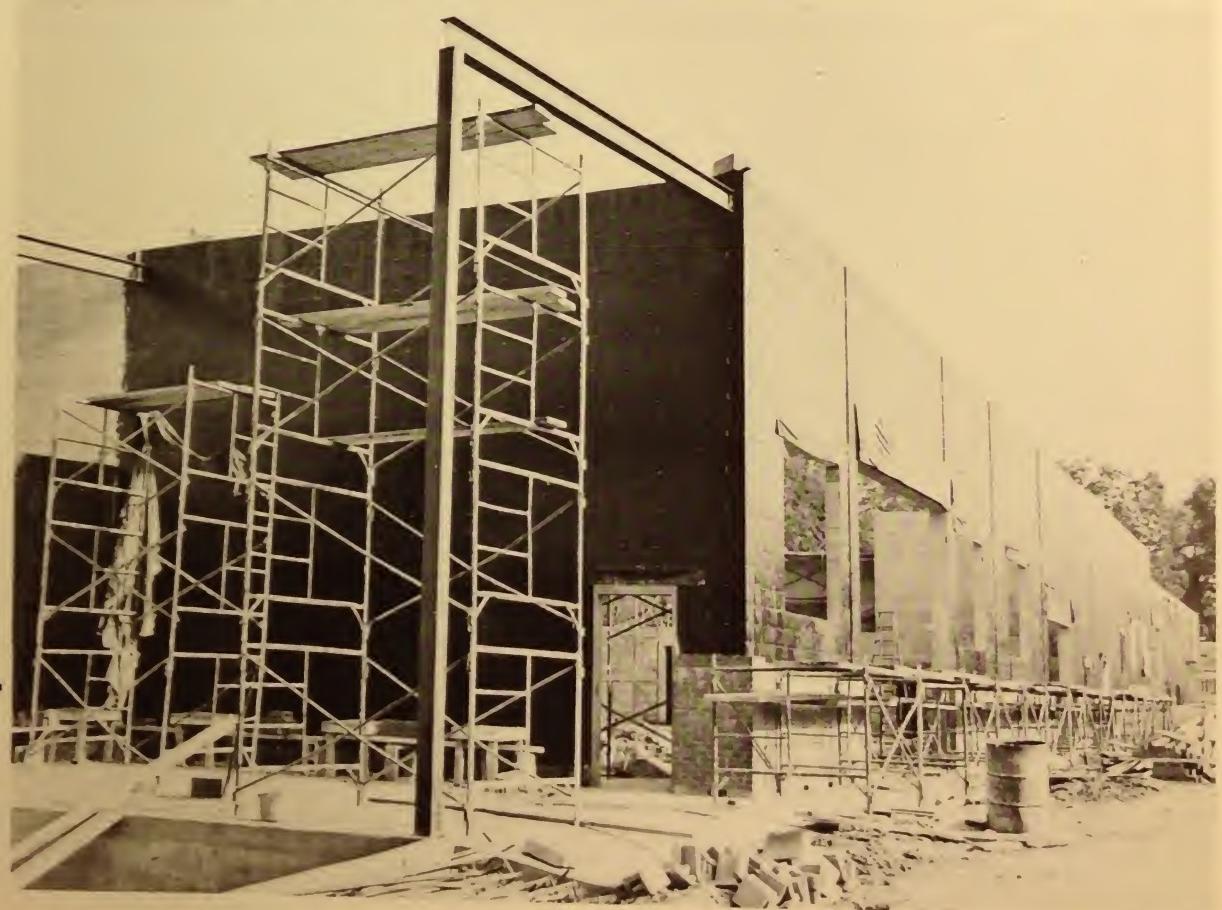

Sincerely yours,

*M. R. Thorne*

# Student Life

## Madison Hall Inferno

On Oct. 17, 1978 at approximately 9 a.m. when most students were in class, a fire of undetermined origin broke out in the second floor attic. The building was completely gutted by the fire. No serious injury was reported and the American Red Cross helped students with lost personal items. Fire units from four towns and MP&L fought the day-long blaze.

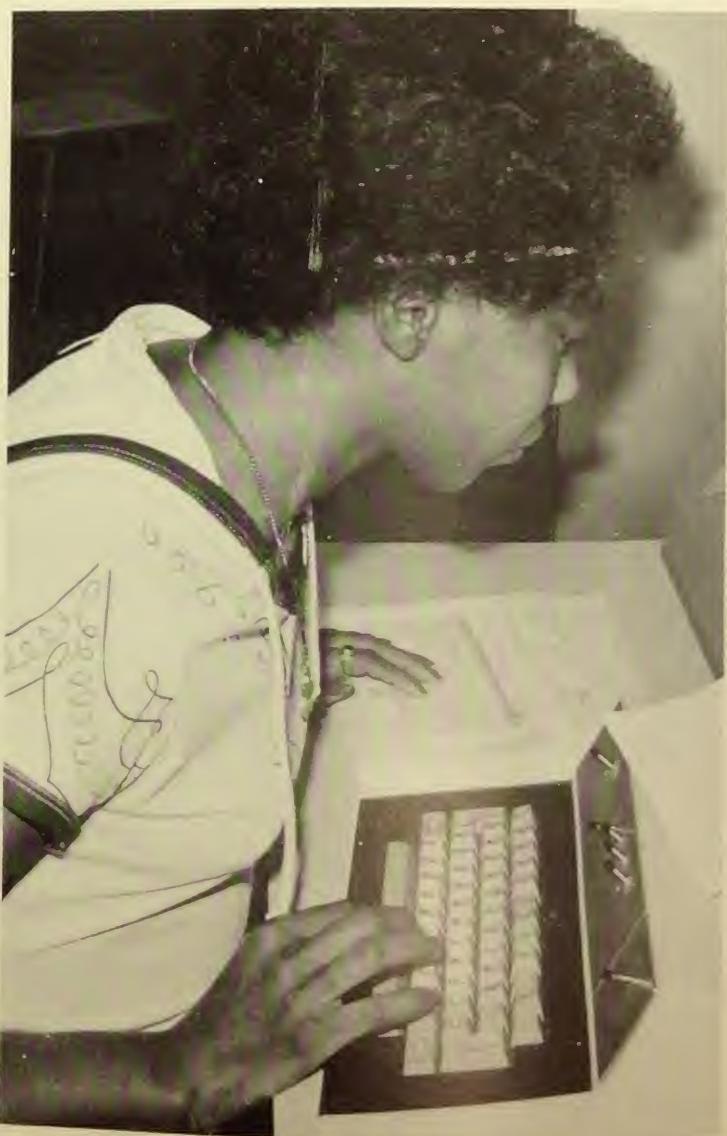

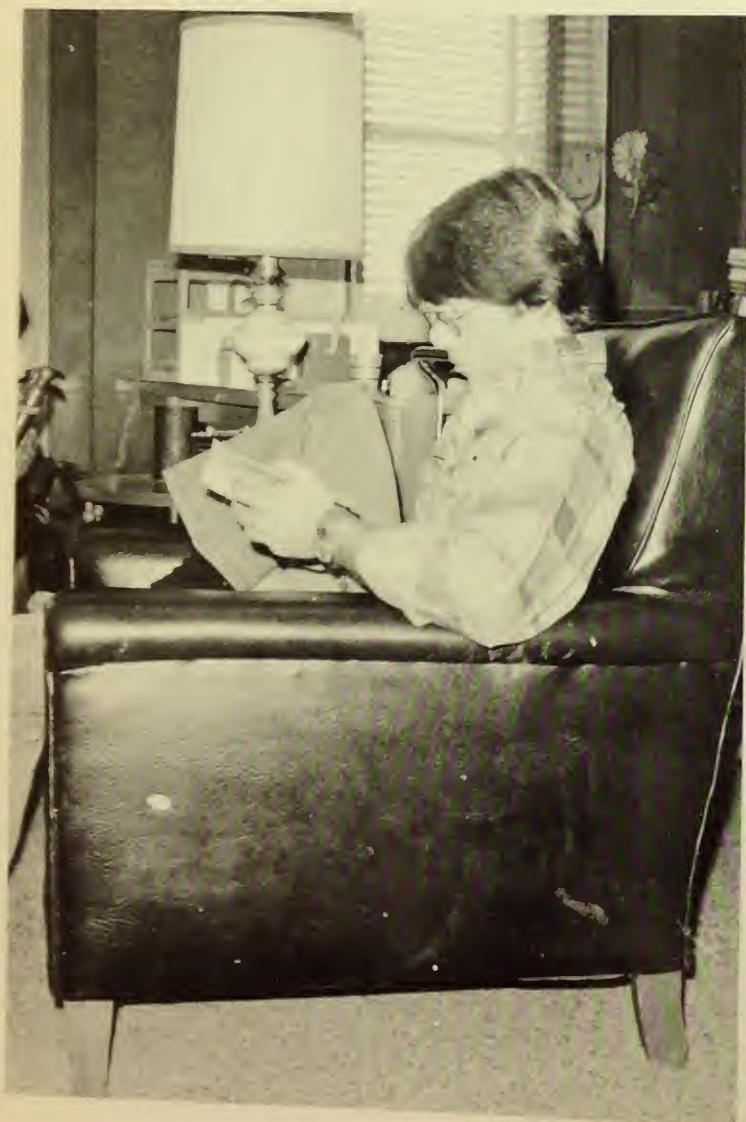

## Dedication

A ready smile — a helping hand — these characterize Mrs. Nell Branch, wife of former HJC president Ras Branch. It is to her, the 1979 Holmes Junior College yearbook *HORIZONS* is proudly dedicated.

For 19 years she has brightened the campus with her wit and wisdom, and has cheerfully shared her time and knowledge with a parade of HJC secretarial students who have radiated out over the south.

Her talents have been varied. Old HAHS students fondly remember her as a tireless sponsor for the Beta Club. Her present sponsorship of Phi Beta Lambda has inspired the best efforts of her business students. She is equally adept at faculty teas, where she graciously pours coffee or at Homecoming festivities, where her friendly conversation puts the stranger on the campus at ease.

For these reasons, and much more, do we the 1979 *HORIZONS* staff dedicate this yearbook to Mrs. Branch in recognition and appreciation for her many years of service to Holmes Junior College.
